

A word cloud featuring various terms related to the R programming ecosystem. The words are arranged in a dense, overlapping manner. The most prominent words are 'tidyverse' and 'data', both in a large, dark grey font. Other significant words include 'packages' in a large yellow font, 'docs' in a large green font, and 'set' in a large pink font. Smaller words include 'functions', 'purrr', 'variables', 'sheets', 'you're', 'dplyr', 'common', 'types', 'library', 'provide', 'package', 'learn', 'consistent', 'designed', 'core', and 'types'. The colors of the words vary, including shades of orange, blue, green, pink, and grey.
